OUR STORY, OUR PURPOSE, OUR PASSION

Transforming Philippine Educational Systems Since 1997

For over two decades, **Prince Technologies Corporation** has committed itself to being a catalyst in transforming the Philippine Educational system. Fueled by this purpose, the company endeavors to bring the best practices in Software Development and Information Technology to ensure that future generations will have access to the best technological innovations today.

Since 1997, the company has rebranded itself internally and externally, ensuring that growth and change are perpetual and continuously upward. From the original name of **Prince JC** to **Prince Technologies Corporation** or **PrinceTech** today, the company, together with all its stakeholders, holds true to upholding a legacy of brilliance, confidence, and trust in the industry.

Prince Technologies Corporation is humbled, honored, and grateful to be part of the nation's arms in molding the new generation of Filipinos. In support of this national goal, the company will endlessly and purposefully safeguard quality education through its various products, technologies, and systems. Continuous research is at the forefront, focused on advancing learning and keeping abreast with the latest developments in educational technology to attain perfection and compete locally and globally.

OUR MISSION & VISION

OUR MISSION

To provide responsive and reliable school management software solutions and products that ensure seamless accessibility, deliver optimal user experiences, and transform educational management and leadership for better learning outcomes.

OUR VISION

To be the leading school management system software provider in the educational community of the country with a commitment to providing cohesive, comprehensive, flexible, and reliable software solutions that will increase operational productivity and efficiency.

OUR CORE VALUES

P — Passion for Quality and Efficiency

Technology-driven approaches to improve existing business processes and deliver unique, compelling value to stakeholders.

R — Reliable

Turn-key, cloud-based, and secure systems built for foundational endurance amidst future challenges.

I — Innovation and Ingenuity

Continuous quest to deliver cutting-edge products, challenging the status quo with deep technical expertise.

N — Networking

Insight-driven engagement valued on diversity, meaningful interactions, and long-term beneficial relationships.

C — Client Value Partnership

Listening, understanding, and meeting client needs backed by dedicated, reliable local technical support.

E — Excellence

Execution with focus and precision for sustainable growth, putting quality and efficiency as highest priorities.

THE SMART CAMPUS ECOSYSTEM

Four Interconnected Hubs. One Single Source of Truth.

PrinceTech provides a fully synchronized enterprise infrastructure matching local Philippine regulatory standards (DepEd, CHED, BIR, SSS, PhilHealth, Pag-IBIG) while anchoring campus data on secure AWS cloud infrastructure.

REAL-TIME DATA FLOW SYNCHRONIZATION

PRIISMS (Academic & Billing) → PFMS (Accounting & Financials) → PMAPS (HR & Payroll) → Sophie LMS (Virtual Classroom)

HUB 1 PRIISMS Online | Academic & Student Information Hub

Core Value: Managing the complete student timeline from initial application to graduation archive.
Core Capabilities:

- **Automated Enrollment Pipelines:** Online registration with instant sectioning and room conflict checks.
- **Secure Registrar Matrix:** Centralized vault securing transcripts, grade sheets, and clearance parameters.
- **Instant Portal Access:** Gateways for students, parents, and teachers to track schedules and grades.

Full Module Highlights:

- **End-to-End Lifecycle:** Tracks admissions, sectioning, graduation logs, and alumni directories.
- **One-Click Compliance:** Error-free DepEd, CHED, and UniFAST compliance generation.
- **Live Finance Desk Sync:** Direct push to cashier counters for real-time student ledger updates.
- **NPC Framework:** Data privacy via RBAC encryption and immutable audit logs.

HUB 2 PMAPS Online | HR, Attendance & Payroll Management Hub

Core Value: Automating employment operations, tracking faculty workloads, and processing institutional payroll.
Core Capabilities:

- **Biometric Attendance Logs:** Syncs physical timeclocks & online check-ins to capture exact duty hours.
- **Automated Institutional Payroll:** Processes complex salary tracks, tax tiers, and custom allowances.
- **Centralized Faculty Tracker:** Houses academic credentials, research portfolios, and 201 records digitally.

Full Module Highlights:

- **Applicant Tracking (ATS):** Direct recruitment pipeline from resume intake to board sign-off.
- **Statutory Remittances:** Automated BIR, SSS, PhilHealth, and Pag-IBIG tax calculation & filing formats.
- **Employee Self-Service:** Mobile/web portal for payslips, 201 files, and digital leave filing.
- **Workload Adjustments:** Recalculates overload/teaching loads on schedule changes.

HUB 3 PFMS Online | Financial Management Hub

Core Value: A unified financial system for controlling revenue, managing expenses, and ensuring real-time financial visibility.

Core Capabilities:

- **Real-Time PRIISMS Integration:** Synchronizes student ledgers straight to accounting AR subsidiary ledgers.
- **Dual-Cycle Revenue & Cash Control:** Manages tuition collections, discounts, and vendor payment vouchers.
- **Live CFO Executive Dashboards:** Displays real-time cash balances, collections, budget tracks, and AR aging.

Full Module Highlights:

- **Automated Double-Entry Journaling:** Updates general ledgers, trial balances, and journals during sweeps.
- **Procurement & 3-Way Voucher Matching:** Matches invoices, POs, and Receiving Reports before clearing checks.
- **Multi-Level Cost Center Budgets:** Departmental fund allotments with automated overspending warnings.
- **Time-Stamped Audit Records:** Immutable compliance logging for all entries and system modifications.

HUB 4 Sophie LMS | Native Virtual Classroom & Assessment Suite

Core Value: Linking interactive remote learning directly into baseline school recording archives with built-in AI intelligence.

Core Capabilities:

- **AI-Powered Authoring Suite:** Generates multi-module courses, lesson drafts, and outlines from prompts.
- **Automated Assessment Builders:** Structures target quizzes and essay grading rubrics directly from lessons.
- **Instant Gradebook Uploads:** Syncs exam results and progress milestones straight to the registrar vault.

Full Module Highlights:

- **Syllabus Drip Content Engine:** Automated lesson pacing based on calendar dates or completion progress.
- **Zero-Retention AI Framework:** Isolates institutional lesson data from public AI training pools.
- **Responsive Mobile PWA:** Full student navigation and lecture tracking optimized for low bandwidths.
- **Automated PDF Credentials:** Issues verifiable certificates the moment students hit 100% progress.

Modular Classroom & Add-on Integration Capabilities

Sophie LMS scales with institutional growth and supports advanced modular expansion packs tailored for Philippine schools and universities:

- **Intelligence Pack:** Advanced AI essay grading, AI tutor, adaptive learning paths, and vendor proctoring.
- **Integrity Pack:** Turnitin / Copyscape integration, AI content detection, and custom SQL compliance reporting.
- **Media Pack:** Video transcoding, HLS adaptive video streaming, live captioning, and lecture capture CDN.
- **Curriculum Pack:** Degree audit, LTI v1.3 compatibility, and library management system connectors.

OUR STRATEGIC PARTNERS

Trusted Cloud Infrastructure & Digital Payment Gateways

Prince Technologies Corporation is the preferred software provider for educational institutions in the Philippines today, evident from the trust extended by our renowned partners. Holding strong to this confidence, the Prince Technologies team continues to strive for excellence in delivering online services.

CLOUD SERVICE PARTNER
